Learning and Teaching with Preschoolers

Learning and Teaching with Preschoolers provides booklets, packets and lesson plans that will enable children to acquire information and learn concepts through meaningful hands on activities. All products will give children a variety of learning experiences.

While using these products teachers will have the opportunity to observe children as they participate, explore and interact with the materials. These products will help free up time so that teachers will be able to collect meaningful anecdotal notes, work samples, and other evidence that will help show each child's skills and behaviors. In order to meet all State Standards and Assessments tools.

Remember to give each child the joy of lifelong learning.

Because of the reproducible nature of Learning and Teaching with Preschoolers resources and products all sales are final.

All materials are licensed for use by only one teacher in one classroom only.

All products are formatted on PDF files and are print friendly.

If you have any question about the products please feel free to email me at teachingpreschoolers@gmail.com

My Five Senses

Pocket Chart Story

Skill: Students will be able to correctly identify their five senses.

Skill: Children will use illustrations and context to make predictions about text.

Have the charters separate from the sentence strips so the children are able to move the text around and correctly identify each of the senses.
