who LOVE  
teaching,  
..... teach  
children  
TO love LEARNING.

# Changing the

## Art & Crafts

### 3D ocean art

## Dramatic Play

### Underwater Adventure

## Science

### Shell Collection

## Math Area

### Say It, Count It, Write It

#### Roll and Count Mats

Give each child a roll and count mat and a number dice or dotted dice. Have the children roll a dice and identify the number on the dice (say it). Once they have identified the number have them count out the objects (count it). After the children have counted out the right amount of objects have them write the number on the mat with a dry erase marker (write it).

#### Roll and Add Mats

Give each child a roll and add mat, two dice, and counters. Have the children roll a dice and identify the number on the dice (say it). Once they have identified the number have them count out the counters (count it). Repeat for second dice. Once they have counted out all the counters have them add the two together and write the amount on the mat. (Write it)

#### Roll and Subtract Mats

Give each child a roll and subtract mat, worksheet, one dice, and counters. Have the children write the number in the first square that is on their worksheet and count out that amount of counters. (Count it) Next have child roll dice, identify number and take that amount off the mat. (Write it)

## Small Group Activities

### Yellow Group

Measuring  
Sea Life

Children will identify, describe, and compare by attributes of height.  
Tall, taller, tallest

### Green Group

What's the order

### Blue Group

Under the Sea  
Beginning Sounds

Children will learn to hear beginning sounds in words.

### Red Group

Fishing for Word  
Families

Children will learn to isolate and pronounce the final sounds (phonemes) in three phoneme (CVC word family).

### Purple Group

Shark Feed

Children will accurately count up to 10 saying the number names in standard order and represent a number to a written numeral 1-10. Student will print written numeral.

Date: \_\_\_\_\_

Theme: \_\_\_\_\_

## Social Development

### Learning in Kindergarten

Objective: Children will be able to demonstrate the listening rules, focusing attention, listening and using self-talk during an activity.

### Story and Discussion

Help us practice the rules

## Math Circle

### Real Graphs

Objective: Children will construct a real graph to represent information gathered from a set of concrete objects.
